

# WELCOME TO HOUR BUILDING, REIMAGINED

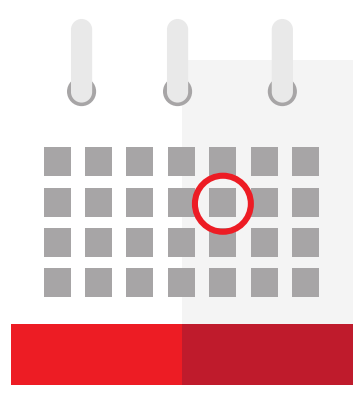

## BROWSE THE HANGAR

'Open the hangar doors' and discover the aircraft we have available to hire at your local airfield. With a selection of Piper aircraft, including the sturdy and stable PA38 Tomahawk as well as the versatile PA28 Warrior, you'll have lots to choose from. We can also deliver and collect the aircraft too.

## CHOOSE YOUR HIRE DATES

Before selecting your dates, consider your hour building block as an intense period of flying. Many pilots use this opportunity to tour the UK and Europe and land away at as many airfields as possible. The richer your logbook history, the more colourful your pilot CV will be.

## ADD OPTIONAL EXTRAS

Having listened closely to pilots who've flown with us, we've curated a selection of optional extras which you can choose to add onto your booking. These include spare headsets, lifejackets, iPad with a SkyDemon subscription and portable ADS-B units.

## PAY WITH APPLE PAY

Paying for your package couldn't be simpler. Choose to pay a 10% deposit if your booking is more than four weeks away, or pay the full balance using Apple Pay, Android Pay or Debit/Credit card. BACS payments are also available upon request.

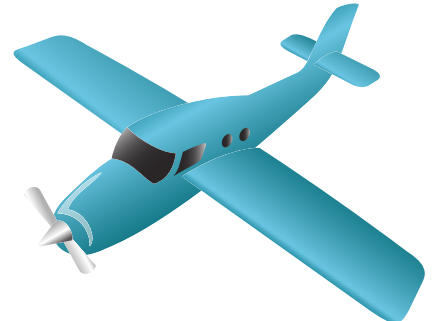

## DISCOVER MY HANGAR

We've created an exclusive backstage area for pilots who have chosen to book with us. View your booking, upload your ID, sign your documents, learn more about your selected aircraft, pay the remainder of your balance and add calendar reminders.

## ENJOY EXCLUSIVE USE

Unless you've chosen to share your booking with another pilot, you'll enjoy exclusive aircraft use throughout your hire period. No cancellations, no double bookings, no prioritisation of flying slots, it's yours!

THIS IS HOUR BUILDING REIMAGINED

REACH OUT TO US AND WE'LL GET YOU FLYING
